Dear Dale,

Your support of Wounded Warrior Project® (WWP) in 2013 made a significant impact in the lives of the over 60,000 injured service members, their families, and caregivers we proudly serve. For many warriors, the battle continues long after they return home. Together, we're lifting up our nation's warriors, enhancing their quality of life, and allowing them to pursue life goals free from the barriers and stigma associated with the physical and mental wounds of war. Our 20 programs are provided free of charge and are designed to engage warriors, nurture their minds and bodies, and encourage economic empowerment.

Thank you for joining us in our commitment to foster the most successful, well-adjusted generation of wounded service members in our nation's history. To illustrate how your contributions positively change lives, allow us to share a few warrior success stories. Highlights from 2013 include:

- 96 percent of warriors who attended Project Odyssey®, an outdoor mental health retreat, say they will continue to seek out mental health support
- 86 percent of warriors who participated in Soldier Ride® reported greater self-esteem and self-confidence as a result of the experience
- Warriors enrolled in the Warriors to Work™ program reported \$41,053 average earnings from full-time work (excluding VA and other benefits)

Thank you for furthering our mission. It's through your generosity that Wounded Warrior Project can ensure that our nation's brave servicemen and women receive critical care and support — not just today or tomorrow, but for their lifetime. Thank you for making a positive and lasting impact.

Sincerely,

Your Community Events team  
Wounded Warrior Project
