

To: Dale Mullin (on hand)

Hey Dale. I can not express my feelings or thank you's enough for the Wounded Warriors Event.

I have no idea how much time or what you went thru to put on this event. I can only tell you that it was one of the most special affairs I have ever had the honor + privilege to be a part of. Most times you only hear from people because they are unhappy about something that didn't go their way or inconvenienced them in some way. This is quite different. The golf was insignificant to what the event meant. I don't ever remember being so moved or touched by the speech, for no better words, made by Jason. He is the true spirit of what people can do + accomplish. He chose to change his life, the people around him + people who don't even know him. He is the definition of a warrior: what our human spirit can do when things look bleak. I know this gentleman has had many poor, down + difficult days. In spite of that, he continues to find the good + positive in himself + life. I only wish I had a tenth of his positive drive + willpower.

This is what I believe you devote your time for this wonderful event, not only for Jason but for all vets. + us private individuals who never served our Country. Again, Dale, thank you so much for allowing me to participate. I can only hope that I will be able to be in this event for many, many more years

Sincerely Your Friend
