1791 Trade Center Way

Unit D

Naples, FL 34109

(239) 263-9363

**HUNGER &
HOMELESS
COALITION**
OF COLLIER COUNTY

The homeless Point-In-Time Count can and must be more than just a required census activity for funding assistance. It offers communities the opportunity to see homelessness in a different way - as a face, a name, and a story. Volunteers annually remark that it is impossible to forget the experience of the intimate conversation with a stranger, asking deeply personal questions amid a traumatic situation and pandemic. It changes you. And hopefully, positively impacts the lives of the individuals and families dealing with homelessness through driving needed changes in the community. The homeless Point-In-Time Count is important work. It grounds us in the "why" behind what we do. This "why" compels us to sustain the call for solutions until homelessness is ended!
